W: www.sreedhareeyam.com

Personal Profile

Hari Narayanan Namboothiri, is the vice chairman of Sreedhareeyam Group of Companies and has an experience of more than 22 years in manufacturing and Ayurvedic Ophthalmology Hospital.

The company is also one of the most prestigious pioneers in the field of Ayurvedic Ophthalmology in India by running successfully an Ayurvedic eye hospital for about 15 years- One of its own kind that concentrates on complete eye care. He is also the director of Care Keralam (Joint Venture company of Kerala Government and Ayurveda Manufacturing Association of Kerala).

Hari N Namboothiri has an array of awards to his credit for the exceptional entrepreneurial qualities displayed for the development of the brand Sreedhareeyam. Under his supervision, Sunetra Eye drops, the flagship product from Sreedhareeyam extended its reach to several countries, thus reflecting upon the years of hard work and research put into the development of the product. He has been instrumental in Sreedhareeyam extending its wings to 23 branches all over India. A true visionary and an expert exponent of developmental opportunities, under his leadership and guidance, Sreedhareeyam has metamorphosed into one of the largest ayurvedic healthcare service providers in the country.

Company Profile

Sreedhareeyam Ayurvedic Eye Clinics & Panchakarma Centres Pvt Ltd. is today the largest chain of Ayurvedic Eye Hospitals in India. It spans over 23 treatment centres all across the country which attract patients from all over the world. A team of 23 professionally qualified doctors and 350 support staff take care of the patients who walk into Sreedhareeyam centres with a hope to cure long prevailing diseases and ailments.

The group's medicine manufacturing unit, Sreedhareeyam Ayurvedic Medicines was established to cater to the most vital need of standardized high-quality medicines in high volumes for treatments and also to achieve consistency in quality of medicines. The unit is GMP certified and follows aseptic manufacturing processes and stringent quality control measures. While all the equipment for processing and packaging are state-of-the-art, the ingredients and formulations adhere strictly to the procedures and guidelines outlined in the ancient parchments (Thaliyolas) and ancient books (Granthas), the most invaluable assets of the Mana. The facility has all the modern medicine manufacturing facilities including a most modern sterile eyedrop manufacturing unit, Fully Automatic Capsule Filling Machines, Blister Packing Machines, bottling machines, labelling machines and tablet punching machines. After assessing and reviewing the safety hazards, ISO 22000: 2005 FSMS certification was awarded to the Unit in 2011, by the International Certifying Agency- BUREAU VERITAS.

12 NY Embark

Mr Yash Chandan

**Founder: NY Embark / Business Development Head: Pearls Metals
Shree Rajendra Vihar Co-Op Housing Society Ltd, Office No. 1 &2,
Ground Floor, 12th X Lane,, Khetwadi, Grant Road, Mumbai,
400004**

T: +91 9967131600

E: yash@biopapro.com

W : www.biopapro.com / www.pearlsmetals.com

Personal Profile

An impeccable blend of striking business instincts and an enduring academic inclination led him to undertake a Bachelor's degree in Business management from HR College in Mumbai and subsequently, a master's degree in commerce from Mumbai University. And in the year 2018 finished his second master's degree from Babson College, Boston.

Always a conscientious learner, Yash was enrolled in a short-term program in Managerial accounting and financial control from London School of Economics and global leadership from Stanford University, California.

An eagerness to add on to his skillset led him to study Mandarin in Shenzhen in 2014, after which he interned with a Chinese logistics company in China for several months.

Brought up with social values inculcated deep within by his father at a very early age, Yash is an altruistic person. He spent several months working in the CSR department of PWC in Egypt to undertake an awareness campaign for blood donation, 'Triple Effect' in 2013.

At a young age of 22, he had co-founded two thriving startup ventures and was successfully running a steel trading firm, Pearls Metals in Mumbai and later expanded the company to start exports and imports in Latin American countries. In 2019 Yash was able to translate his vision into reality when he co founded NY Embark and his brand Biopapro was born.

Yash is a curious, ambitious and very hard working person. Loves to interact with people. He truly believes that with hard work and a set goal everything can be attained. He wishes to make a positive impact through work.

Company Profile

NY Embark

Biopapro , a brand under NY Embark manufactures and distributes a wide range of biodegradable alternatives, such as Biosip paper straws, Biobite tableware, food packaging boxes and Bio wooden cutlery.

Pearls Metals

Pearls Metals for the last 30 years deals in Supplying Engineering raw Materials and specialises in SOS(urgent) requirements for Pipes & Pipe fittings.

Business Interests

We could manufacture products for companies in your country under their brand name. We would like to export paper straw / stainless steel, carbon steel, non – ferrous metals in different sections like plates & sheets, pipes & tubes, bars & rounds, structurals, forged pipe – fittings & flanges.

Export of Biodegradable products and exporters of engineering raw material like stainless steel.

Looking for any new business opportunities in Slovenia

Company Profile

Sreedhareeyam Ayurvedic Eye Clinics & Panchakarma Centres Pvt Ltd. is today the largest chain of Ayurvedic Eye Hospitals in India. It spans over 23 treatment centres all across the country which attract patients from all over the world. A team of 23 professionally qualified doctors and 350 support staff take care of the patients who walk into Sreedhareeyam centres with a hope to cure long prevailing diseases and ailments.

The group's medicine manufacturing unit, Sreedhareeyam Ayurvedic Medicines was established to cater to the most vital need of standardized high-quality medicines in high volumes for treatments and also to achieve consistency in quality of medicines. The unit is GMP certified and follows aseptic manufacturing processes and stringent quality control measures. While all the equipment for processing and packaging are state-of-the-art, the ingredients and formulations adhere strictly to the procedures and guidelines outlined in the ancient parchments (Thaliyolas) and ancient books (Granthas), the most invaluable assets of the Mana. The facility has all the modern medicine manufacturing facilities including a most modern sterile eye drop manufacturing unit, Fully Automatic Capsule Filling Machines, Blister Packing Machines, bottling machines, labeling machines and tablet punching machines. After assessing and reviewing the safety hazards, ISO 22000: 2005 FSMS certification was awarded to the Unit in 2011, by the International Certifying Agency- BUREAU VERITAS.
