

VIMC Shipping Company is a member unit of Vietnam Maritime Corporation (VIMC), established on May 8, 2002 and headquartered in Hanoi. To date, we are operating the largest dry cargo fleet in Vietnam. VIMC Shipping Company has been granted a Document of Compliance (D.O.C) by the Vietnam Register (VR) according to the International Safety Management Code (ISM Code) since 2002 and continues to be organized by the Panamanian Government authorised to issue D.O.C since 2011. All ships managed by the Company have been granted Maritime Labor Certificates according to MLC 2006. VIMC Shipping Company has also built and maintained a Quality Management System according to ISO 9001 standards (since 2002). Environmental Management System according to ISO 14001 standard (since 2012) and Occupational Health & Safety Management System according to OHSAS 18001 standard (since 2014).

The company has established a Safety, Occupational Health, Environment and Quality Management System (SHEQMS) to serve its needs and goals. The company has been continuously evaluating its capabilities through building and developing SHEQMS to meet customer requirements, regulations and requirements of relevant organizations.
