

An Oasis of Opportunities

EU-GCC Business Forum

19th – 20th of March 2019 in Kuwait

We take the pleasure in inviting you to attend the **third EU-GCC Business Forum** that will take place **on 19-20 March 2019 in Kuwait**.

The event entitled "**An Oasis of Opportunities**" will carry the theme of Innovation and will host an array of high level speakers and experts from the Gulf and the EU. The participating experts will tackle pressing subjects such as **innovation** and investment opportunities in the **healthcare sector, digitalization** and doing business in the GCC.

As in the previous event, this forum offers an immense opportunity for **cross-cutting** networking and identification of opportunities to engage in the ongoing diversification strategies and the corresponding projects underpinning them, namely in the mentioned sectors. Representatives from the GCC (Kuwait, Saudi Arabia, UAE, Qatar, Oman and Bahrain) will present ongoing initiatives or planned investments. It will therefore be an opportunity to meet with partners from across the Gulf region and explore potential partnerships.

The link to the registration and full details of the agenda are available below.

Please mark your calendar and we look forward to engaging in a lively discussion with you at the event.
