501, Progressive Square, 11-A, Block - 6, P.E.C.H.S., Shahr-e-Faisal,
Karachi-75350, Pakistan.

Tel: +9221 3437 1450 upto +9221 3437 1453, Fax: +9221 3437 1455

Cirrus International offers a comprehensive portfolio of logistics management services. Among Pakistan's leading providers of integrated transportation management services, Cirrus is managed by a group of dynamic professionals with wide-ranging, extensive industry experience.

Why Us

We're in the service industry: we realize that an absolutely hassle-free experience is the need that brings you to us. Our pro-active approach means that we invest in a systems-oriented organization. We think ahead. And we understand the crucial importance of complete and comprehensive information systems. Our tracking systems enable us to know what is where, and how to get it to you.

These, combined with the Cirrus team's experience and hands-on expertise, position us to serve our clients' diverse needs – and to be prepared for the surprises that are often second-nature to our industry.

Who We Are

Our team truly sets Cirrus apart. Together, we offer a formidably diverse and entrenched set of experiences in the logistics industry:

And Who We Serve

Developing sustainable logistical solutions in today's complex world is the challenge that motivates our team. In partnership with stakeholders across the globe we have been able to offer reality-based solutions to different industries, including:

- Auto and Auto Parts
- Fast Moving Consumer Goods (FMCG)
- Hardware & I.T.
- Machinery and Spare Parts
- Oil, Petrochemical and Chemical
- Pharmaceuticals
- Textile made-ups and products
- Timber

We believe in nurturing long-term partnerships that inherently leverage a cumulating set of advantages for our clients. And the rewarding experience Cirrus offers keeps many of our clients coming back to us for their logistics needs.

How We are Uniquely Positioned to Help You

As a provider of complete logistics solutions, we are trusted for our expertise, systems and dynamic organizational culture.

Our global network supports highly integrated, flexible and cost-effective services. With our vast experience in all freight modes, we are able to ship, handle and deliver our clients' products safely and reliably. Our team develops customized, multimodal, intra-regional and international services in line with Quality Assurance and ERP, MIS systems.

Our combination of strengths enables our clients to capture supply chain integration efficiencies, realizing benefits in both, the short and long term.

What Kinds of Services You Can Expect From Us

Our hands-on experience and proactive approach allows us to provide solutions for your common and complex logistics needs.

At **Cirrus**, in addition to core logistics solutions, we believe in providing our customers with value-added services, including:

- Packing and Crating
- Fumigation
- Warehouse & Inventory Management
- Custom Tariff Consultancy
- Customized Services
- Vendor Management
- Order Management
- Network Analysis/Design
- Bar Coding
- Supply Chain Engineering

However, we understand that value addition is a constant process and we hope to offer you additional support and services every time we serve you.

Our logistics solutions include – but are not limited to:

- Ocean & Air Freight Services (Inbound or Outbound)
- Consolidation Services
- Vendor Management Services
- Purchase Order Management Services
- Customs Brokerage
- Afghan Transit Business
- Consultation Services
- Distribution & Warehousing Services

Below we share details about a sampling of four of these services.

Air Freight Services

Airfreight is a premium and costly service, so our program focuses on quick transit and constant communication to minimize cost. Based on our expertise in air consolidation and forwarding we provide customer-specific airfreight programs.

Cirrus International provides air cargo services worldwide while our tracking & tracing system provides real time status of your cargo. Critical information about your cargo status gives you the tools to make time sensitive decisions.

Our airfreight services include:

- Arranging inland transportation and local drayage to gateway airports
- Export packaging and labeling
- Airline insurance
- Preparing export documentation
- Communicating shipment status throughout the transportation chain

We also provide the following options for our clients:

- Airport to airport
- Airport to door
- Door to airport
- Consolidation
- Door to door
- Dangerous Goods Handling
- Sea + Air Service
- Air + Sea Service

Distribution & Warehousing Services

We aim to provide wide-ranging distribution and warehousing services to our customers. These services facilitate users with a real time, flexible and improved inventory management system that reduces total operating costs and improves cycle times.

We offer customized warehousing and distribution solutions- whether small or large volumes, for short-term or long-term storage. Our facilities are geared to handle overflow requirements as well.

Likewise, value addition in this aspect of service provision translates into environmentally friendly distribution and storage facilities. We place a strong emphasis on reducing, reusing and recycling- for instance we use corrugated material for palletizing.

Our services include:

- Inventory Management
- Shrink Wrapping.
- Short Term and Long Term Storage
- Cross-Dock, Transload
- Bar Coding
- Logistics Assistance
- Customs Bonded Warehouse
- Supplier Order Management
- Order execution and confirmation
- Visibility of the complete order life-cycle
- Expiry date management
- Demand Management
- Determination and setting of required stock levels
- Visibility & EDI
- Confirmation of delivery Forecasting
- Full inventory management
- Management of stock for distribution
- Visibility of stock position
- Confirmation of Delivery
- Inventory availability checking

Please contact **Mr. Kamran Hussain** at kamran.hussain@cirrus-intl.com

Our motto is simple:to deliver in full and on time without compromising cost and safety.

Afghan Transit Trade

Ever since world economies and organizations, such as the UN, started contributed financially and materially for the reconstruction of landlocked Afghanistan in 2002, there has been a dire need for an efficient and cost effective trade route. The most viable route was through Pakistan and the Governments of Pakistan and Afghanistan signed the Afghanistan Transit Trade Agreement in 2002 to facilitate this rebuilding.

Cirrus International has proven to be a reliable logistics facilitator by providing secure and cost-effective solutions for our valued Afghan Transit Trade customers.

Salient features of our services include:

- Managed by an experienced team
- Communicate regarding the procedure and process with the customer before we undertake the job.
- Monitor checkpoints throughout the transit area.
- Provide Risk "A" insurance facility.
- Provide periodic updates of the in transit cargo.
- Provide secured terminals at Karachi and Peshawar.
