

Have you already got the Health Conference b2match App?

It is required to manage your (further) meetings on-site, during the event, and shows your agendas in real time.

1) Download

b2match can be downloaded on iPhones, iPads or Android devices in order for the participants to plan their event attendance and book b2b meetings.

➔ iPhone & Android

2) Log in

The participants can login via E-mail, LinkedIn or Google. When logging in via E-mail, the participants' credentials are the **email address** and their **password**, the same ones which they use to login to the event website.

Open: upcoming events – Health Conference Alps-Adria, Bad Radkersburg, 8-10 May

3) Book Meetings/Cancel Meetings

- Go to the **Participants** list where you can see a list of profile previews and the participants' status
- Click on the preview or on the arrow in order to see the participant's full profile and to book a meeting
- Click on **Book/Cancel meeting**.

4) Check Your Agenda

You can always see the **actual agenda** in real time.

5) Rate the Meetings

After having had a meeting you can give us a **spontaneous feedback** to the meeting.
