Slovenian Agrifood Industry

Slovenia is distinguished by a rich culinary diversity and strong food processing industry. Exceptional local production, top-quality products, a lot of know-how, modern technology, and strict oversight are our key advantages.

These are just a few reasons why choosing Slovenia could be the best decision if you are looking for a reliable business partner or just a place to set up your business. We at SPIRIT Slovenia Business Development Agency work as a single point of contact for international businesses and we are here to help you to make this happen!

It is a genuine honour and privilege to present top Slovenian companies from food processing industry, many of them are already world known.

Join us, it will be an experience worth your time!

About the Chamber of Agricultural and Food Enterprises (CCIS - CAFE)

CCIS - Chamber of Agricultural and Food Companies represents 80% of all food companies in Slovenia. Our members are leaders in the field of food production. Ensuring high quality, meeting the most demanding standards of production and processing, and respecting the animal welfare and the environment, they are Slovenia's most important exporters, especially to EU countries, US and China.

Strengthening cooperation in the Arab market is our important goal, therefore we are proudly introducing our champions.

You are kindly invited to explore food processing Industry from the green oasis of Europe – Slovenia!
