

# 1. When did you last learn something?

Today

1 minute ago

Yesterday

yesterday

yesterday

This morning

yesterday, in preparation for lectures!

yesterday in the afternoon

Yesterday

yesterday

maybe everyday something new

# 2. What did it feel like?

surprising

Great

I feel good

interesting !

Great

Great

very good - I did something for myself

Good.

so good

Like a new step

good

# 3. Why did you do it?

my child taught me something I didn't know

To improve learning materials for students

I enjoy it

I needed the knowledge to complete a task

I like learning

My habit

I needed to use it.

for myself because I lacked new knowledge

for personal reasons

I had to, due to my work

to be more wise, to know more for a life

# 4. Did you plan to learn it, or it »just happen«?

it just happen

It just happened

It Just happened

both

Happened

Did not plan, but I needed to use it.

I planned in a way

both

It happened, but I usually look for it

It just happens almost everytime I work on a new subject...

just happen

# 5. Did you write it down, draw it, sing it or just do it?

none of these options

I just did it

Did it

Sing

none of them

just do it

I wrote it down

Watched videos, read and try it.

Write it down

I did it

do it

# 6. Did you do it alone or with others?

with others

Alone

Alone

Alone

with others

alone

Alone.

with others

Alone

Alone

both

# 7. How did you know you have learnt something?

it was an information I never had (I have to check if it's true though).

Because now I can do something I couldn't do before

Feeling of happiness

i remember it today

I was able to use it.

because it was something I was questioning myself and searching for answers

the feeling that something new is already possible in this area

When i read it i realised that is new information

Because I did not know

never done before

It was new for me
