# EXHIBITIONS AND EVENTS Industry Slovenia

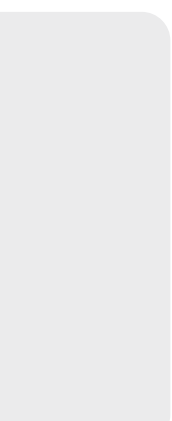

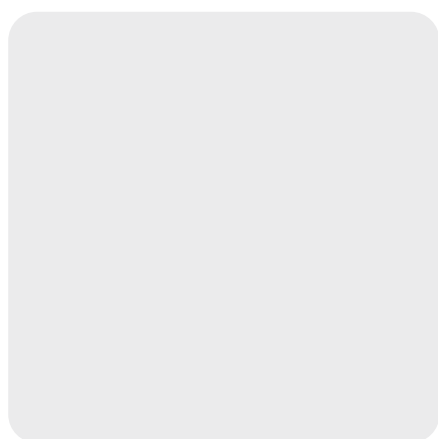

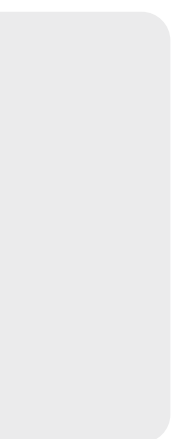

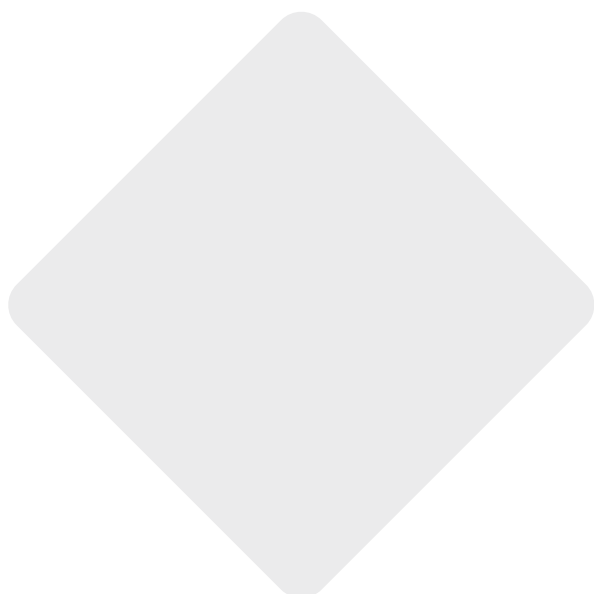

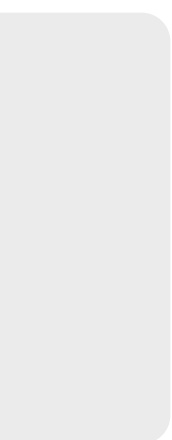

Chamber of Trade Fairs and  
Events Industry Slovenia

# INTRODUCTION

The Chamber of the Trade Fairs and Events Industry is an association of organizers from the meeting, event, conference, congress, and trade fair industries. It also includes venue owners, equipment rental and installation providers, and other key players in related sectors. The Chamber's primary goal is to represent, promote, and support the business interests of its members and the broader trade fair and event industry in dealings with legislative and executive authorities at local, national, regional, and EU levels.

Key focuses include boosting sales and exports, especially for SMEs, and advocating for the recognition of the industry as a driver of economic activity and exports. Representing over 4,500 employees across Slovenia (NACE codes 82.30, 90.02, 90.04, 74.10), the Chamber works closely with its 46 members who operate in domestic and international markets.

Over 60% of the members are directly involved in organizing, promoting, or managing events such as trade fairs, exhibitions, scientific and business meetings, congresses, conferences, music events, and artistic and cultural performances. The remaining members provide event equipment and services, including tents, stages, stands, sound systems, and lighting. The Chamber values and encourages diversity in membership regarding company size, products/services, and geographic scope.

## Dear Members and Supporters of the Chamber of the Trade Fairs and Events Industry,

Before you is the catalog of the Chamber of the Trade Fairs and Events Industry, one of the branch associations within the Chamber of Commerce and Industry of Slovenia. Our industry is innovative, dynamic, and resource-intensive, yet in the past, we struggled to organize systematically to address the challenges of our sector. The Covid-19 pandemic, which effectively brought our industry to a halt overnight, led to the establishment of the Chamber of the trade Fairs and Events Industry under the auspices of the Chamber of Commerce and Industry of Slovenia in April 2021.

Chamber of the Trade Fairs and Events Industry is not just an association but a dynamic force and network of visionaries striving to shape a better future for trade fairs and events in Slovenia. Our core mission is to improve and shape the business environment of our industry to foster economic growth and competitiveness both domestically and internationally.

We offer a broad range of services to our members, including support in acquiring key competencies, knowledge, and business models, as well as enabling

networking and promotion of services among members of the Chamber of Commerce and Industry of Slovenia.

Our vision is to become one of the key partners of Slovenia's economy, government, and related sectors, both domestically and internationally.

Representation, promotion, and support for the business interests of our members and the trade fairs and events industry play a crucial role in our activities. We focus on promoting sales and exports, especially for small and medium-sized enterprises, and actively participate in political processes to enhance the recognition of the meetings industry as a significant driver of economic activity and exports.

At our Chamber, we value and encourage the diversity of our membership, as it brings a wealth of ideas, experiences, and perspectives based on company size, products, and geographic scope.

I sincerely thank all members and partners for their support and trust in the work of the Chamber of the Trade Fairs and Events Industry. Together, we will co-create a successful future for our industry.

Iztok Bricl, MSc.

President of the Chamber of the Trade Fairs and Events Industry

A stylized, handwritten signature in black ink, appearing to read 'I. Bricl'.

# WHY

## BECOME OUR MEMBER?

The Chamber of the Trade Fairs and Events Industry is a dynamic force, a network of visionaries, and a hub for those who shape the future of trade fairs and events in Slovenia. Our mission is expressed through ten key areas of activity:

**1.**

Representing interests and shaping the positions of Slovenian companies in the trade fairs and events industry, and participating in the formation of policies in Slovenia's economic system and business environment.

**2.**

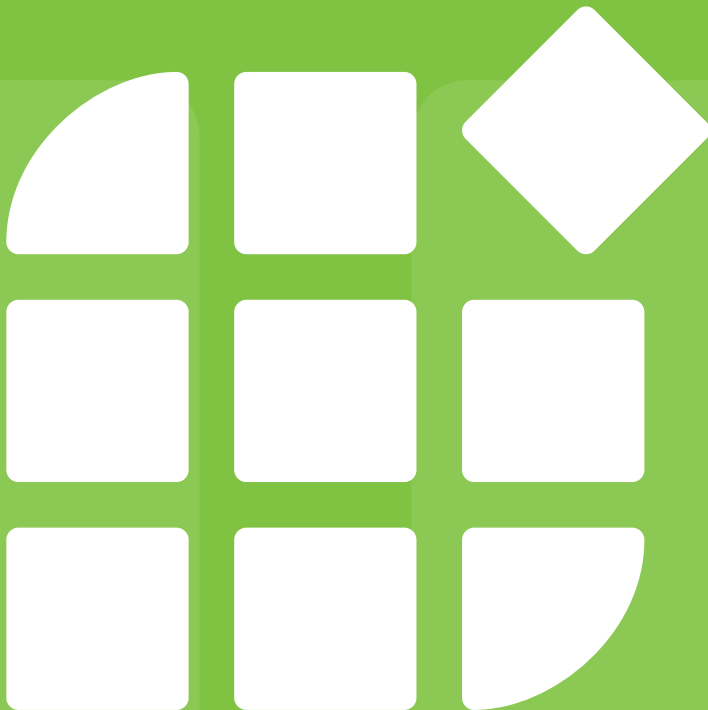

Supporting business operations and providing data and trend analysis for the industry.

**3.**

Providing expert guidance on securing financing, facilitating worker relocation abroad, and ensuring compliance with regulations related to labor relations, earnings from employment relationships, recording of working hours, and economic law.

**4.**

Connecting with foreign chambers of commerce and Slovenian embassies, and informing about events and fairs in Slovenia.

**5.**

Publishing materials such as annual member catalog, fair calendars, and monthly e-newsletters.

**6.**

Activities in talent acquisition and vocational education through member company participation in Apprenticeship and Practical Training programs, as well as career fairs.

**7.**

Involvement in industry standardization efforts to co-create standards at the European level and beyond.

**8.**

Stakeholder networking through regular thematic meetings, including discussions and experience sharing on specific industry challenges.

**9.**

Educational programs on ESG standards and reporting, sustainable events, sound and lighting technology, and the quality and innovative execution of events.

**10.**

Organizing an annual national event to connect members and key stakeholders, provide a platform for discussions on challenges, opportunities, and trends, and showcase Slovenia's events industry capabilities.

## **MISSION**

The Chamber of the Trade Fairs and Events Industry is a branch association within the Chamber of Commerce and Industry of Slovenia. It represents Slovenia's trade fairs and events industry to key stakeholders domestically and internationally. Its core mission is to enhance and co-create a business environment that fosters greater economic growth and competitiveness for companies in the industry, both locally and globally.

## **VISION**

To become the primary partner of Slovenia's economy, government, and related sectors domestically and abroad.

## **VALUES**

ZISS promotes creativity, collaboration, professionalism, connectivity, responsibility, efficiency, and loyalty. It emphasizes mutual trust, honoring commitments, open communication, and teamwork.

BECOME A

# MEMBER

**We invite you to join us and become a member of the Chamber of the Trade Fairs and Events Industry within the Chamber of Commerce and Industry of Slovenia, and take advantage of all the membership benefits. For more information, please contact us via email at: [ziss@gzs.si](mailto:ziss@gzs.si)**

## TRADE FAIRS

Slovenian trade fairs serve as platforms for companies to showcase their products and services, connect with industry peers, and explore new market opportunities. Focusing on quality, innovation, and professionalism, Slovenian trade fairs attract exhibitors and visitors from all over the world, making them a key hub for economic exchange and collaboration.

## VENUES

Slovenia offers a wide range of modern event venues to suit various needs and requirements of organizers. From conference centers and hotels with meeting rooms to unique locations such as halls, castles, and estates, Slovenia combines functionality with charm and elegance. With technologically advanced facilities, adaptable spaces, and top-tier visitor services, Slovenian venues provide an ideal environment for hosting events, from business conferences to social gatherings and cultural events.

## EVENT ORGANIZERS

Event organizers are essential in both planning and executing events. Their expertise in logistics, coordination, and creativity ensures that every detail—from venue selection to guest management—is handled flawlessly. Whether organizing a small private meeting or a large-scale international conference, Slovenian event organizers are well-equipped to meet a range of requirements and deliver exceptional experiences for participants.

## SETUP CREW

Setup crews are responsible for the installation and management of technical infrastructure at events. To ensure smooth event operations and compliance with safety standards and regulations, they must ensure proper equipment installation, conduct equipment tests, provide on-site technical support, and work closely with event organizers and venue staff.

## SOUND SYSTEM

Sound system providers play a critical role in delivering high-quality sound at events, concerts, conferences, and other occasions. They specialize in renting, installing, and managing audio equipment, including amplifiers, speakers, microphones, and mixers. Their aim is to produce clear, balanced, and superior sound, enhancing the audience experience and contributing to the overall success of the event.

## LIGHTING

Lighting specialists are responsible for creating the desired atmosphere and light effects at events, including the setup, operation, and control of lighting equipment. Their task is to ensure that the lighting arrangement aligns with the event's theme, ambiance, and specific requirements. Additionally, they are in charge of ensuring the safety of the lighting components and electrical systems throughout the event.

## TEMPORARY STRUCTURES FOR EVENTS

Companies that provide event structures, tents, stands, and other temporary event spaces play an essential role in ensuring the success of events. They offer flexibility in venue choice and create tailored spaces for diverse needs. Their services ensure protection from weather conditions, optimize the arrangement of infrastructure, and provide comfort and safety for attendees, all of which are key to delivering a seamless and unforgettable event experience.

## DESIGN AND PRINTING

Companies that offer design and printing services are essential for the successful organization of events, as they create visual elements that contribute to the event's visibility and professional appearance. Their services include producing promotional materials, signage, tickets, and programs, all of which are vital for effective communication, guiding attendees, and enhancing the overall event experience.

**info@apaudio-live.si**

**apaudio-live.si**

At AP Audio Live, we are active in the field of event technology, specializing in the comprehensive technical execution of a wide variety of events.

This includes providing technical equipment (sound systems, lighting, mobile stages with roofs, modular stages, event roofs, etc.) for events such as concerts, theatrical performances or plays, various corporate events, festivals, fairs, and television shows.

We build trust with our clients, as we understand that from the first inquiry to the final execution of the project, everyone involved contributes to creating a successful event.

In recent years, we have placed a strong emphasis on 3D event presentations. Dedicated 3D software greatly simplifies the preparation process and provides clients with a realistic vision of the project. Clients warmly welcome these 3D visualizations, as it is often difficult to imagine the space or venue surrounded by our technology. If you're uncertain, we will gladly explain more details and present the entire process to you.

We bring even the most unusual wishes and requirements to life!

**www.ateljejapelj.si | www.finikosi.com | www.sobakuhnakabinet.com**

In 2023, Atelje Japelj d.o.o. celebrated its 100th year of uninterrupted operations.

The company originated from Foto Atelje Japelj, established in 1923, which operated as a photography business until 1998. Today, the company is led by Marko Japelj, the third generation of the family, with the fourth generation soon to join the management team, focusing on architectural design, interior furnishings, and scenography.

Since the late 1980s, we have expanded our activities to include spatial design, theatrical and film scenography, interior design, furniture design, event organization and execution, as well as the design and planning of spaces and concepts for events, fairs, and exhibitions. We also offer equipment rental for fairs, events, and exhibitions under the brand called FINIKOSI.

In 2021, we opened the store SOBA KUHNA KABINET, which offers small home furnishings and decorative items. The store features objects and pieces by Slovenian and international designers, serving as both a gallery and retail space, as well as a venue for workshops and education in interior design and home styling.

## SPECIALIZATION

### Atelje Japelj d.o.o. and collaborators:

- Design and execution of complex scenic solutions for events,
- Trade fair presentations, exhibitions, and other events,
- Design and planning of interior furnishings and interiors, as well as interior consulting,
- Scenography for theater productions.

### Finikosi Brand

- Rental of high-end designer furniture and equipment,
- Backdrops, graphic surfaces, press walls made from large-scale printed canvas,
- Seamless integration into stable and lightweight Aluvision constructions,
- Lightweight partitions, quickly assembled walls, and other MOLO elements.

## REFERENCES

- Design and execution of the organization and scenography for major corporate events, sports openings, scenography for the opening ceremony of the European Capital of Culture Maribor, scenography for the closing ceremony of the European Capital of Culture Thessaloniki, and execution and scenography for the opening ceremony of the 2012 Ski Flying World Championship,
- Theatrical scenography (opera, ballet, drama) in Slovenia and abroad.

At OGIS, we are pioneers in the modular storage building industry in Slovenia. With modular solutions, we focus on speed, flexibility, and sustainability.

Modular storage buildings represent a breakthrough in the storage industry. In a rapidly changing business environment, speed and flexibility are key to success. Our solutions allow companies to optimize warehouse space in a very short time. With a modular design, warehouses can be shortened, extended, or relocated without negatively impacting the environment.

Our products are designed with sustainability in mind and have a long lifespan. The materials we use are exceptionally durable, with aluminum as a key element. We utilize an aluminum alloy also used in the aerospace industry, giving our products superior properties compared to traditional construction methods.

Our processing technology and construction ensure maximum efficiency and durability for our modular storage buildings.

# CELJSKI SEJEM

**Celjski sejem d. d.**

**Dečkova cesta 1, 3000 Celje**

**+386 (0)3 54 33 000**

**info@ce-sejem.si**

**www.ce-sejem.si**

We are one of the leading companies in the field of fair and event organization in the region. Our rich history, dating back to 1963, has shaped us into a synonym for innovation and quality in the trade fair industry. Today, we manage an extensive exhibition complex spanning over 20,000 square meters of covered exhibition areas, along with additional outdoor spaces, enabling the organization of large and diverse events.

We are known for our ability to adapt to the varied needs of exhibitors and visitors, allowing us to organize specialized fairs such as MOS – the Fair of Modern Craft and Entrepreneurship, as well as numerous other events covering various industries. Among these, we would particularly like to highlight B2B trade fairs, including MIS – the International Industry Fair, SEEnergy – the International Energy Conference, and other specialized B2B fairs in fields such as agriculture (Agritech), municipal services (KOMOT), and the B2B fairs for Automotive and Maintenance, Commercial Vehicles, and Logistics.

We also manage the Celje Congress Centre, which strengthens its position as an important event and conference destination in Celje and the broader region. Its central location ensures easy access for visitors, and its infrastructure includes multiple conference halls and meeting rooms of various sizes, equipped with modern audiovisual technology. The diversity and functionality of the spaces allow us to host a wide range of events, including conferences, seminars, business meetings, exhibitions, concerts, and more.

Additionally, we offer comprehensive event organization services, including catering, technical support, and other essential services to ensure the smooth and successful execution of events.

Both Celjski sejem and the Celje Congress Centre enrich the cultural, economic, and business life in the region with their diverse offerings.

We invite you to take a virtual tour of our halls on the website of the Congress Centre, or even better, let us give you a live tour and present the endless possibilities we provide.

# DAF Lighting, d. o. o.

**DAF LIGHTING odrska razsvetljava d. o. o.**

**Vilharjeva 3a, 1000 Ljubljana**

**+386 (0)41 864 497**

**info@daf-lighting.com**

**www.daf-lighting.com**

With light, we create space. With light, we create ambiance. With light, we evoke emotions. With light, we shape the observer's experience.

We support events by designing creative lighting solutions and adopting a comprehensive approach to technical production and event management. In 2024, we are also venturing into independent event production and direction. Our expanded team of creators and professionals specializes in all areas that enrich and shape concerts, performances, fairs, festivals, and other events.

Since the COVID-19 pandemic, people have been at the heart of our company. It's not just about what we do but, more importantly, how we do it. We deeply value the satisfaction of our clients as well as the happiness of all our workers and collaborators. Our strength and added value lie in understanding both sides - artists and event creators, as well as technicians and event executors. Our power lies in innovative ideas and communication focused on aligning towards a common goal.

"We are not afraid of the dark because we create light" is our motto, reflecting our beautiful mission: to provide comprehensive support to art so that it can offer unforgettable emotional experience to people.

## **SPECIALIZATION**

- *A holistic approach to event execution*
- *Technical organization of the Butik Electronic Music Festival (one of the top 10 electronic music festivals in Europe)*
- *Support for theaters (SNG Nova Gorica, Ljubljana Opera and Drama, etc.)*
- *Musicals (Cvetje v Jeseni, Veronika Deseniška, Vesna, etc.)*
- *Unique lighting design and light scenography for concerts (Čedahuči, Neomi, Fed Horses, concerts at SiTi Theatre, and more)*

info@db-team.si

www.db-team.si

We are a company established in 2004 with the aim of providing clients with the best service in audio design. We don't just rent equipment; we help clients execute events at the highest technical level. With our technical expertise, we rank among the top in Slovenian production. Our work spans across Europe and, over the years, has expanded to the former Yugoslav region and the entire Balkans.

Continuous technical training gives us an edge in planning and executing events. Our goals are not only to execute events professionally but, above all, to ensure satisfaction to clients and audience. We are never satisfied with mediocrity.

In our processes and work, we exclusively use products from top-tier brands such as D&B Audiotechnik, AVID, DiGiCo, DPA, Shure, Sennheiser, and Schoeps.

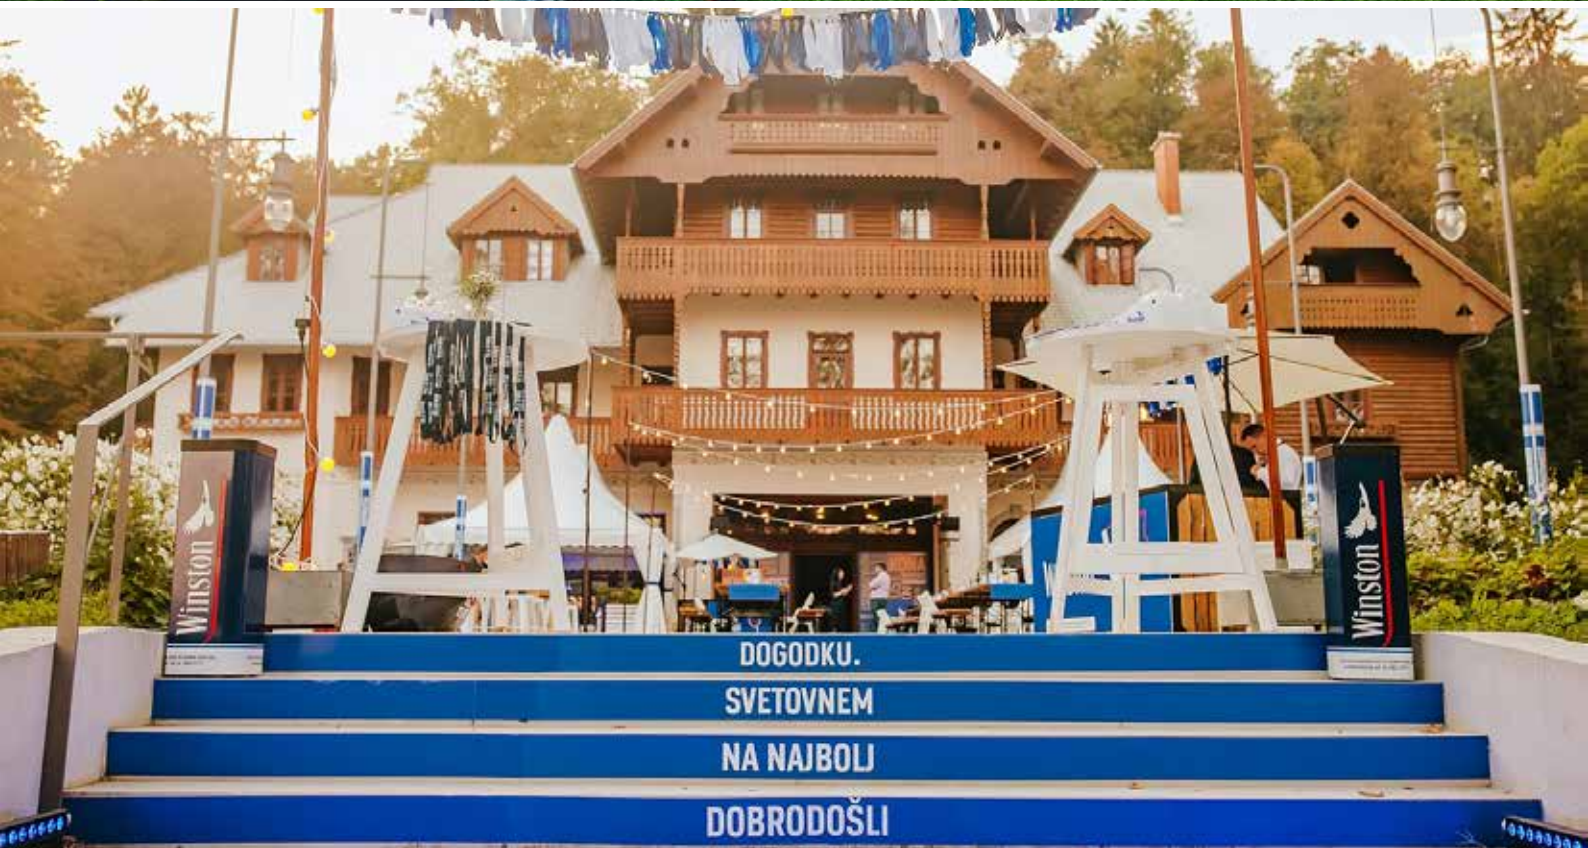

### SPECIALIZATION

- Audio system design
- Audio engineering
- Audio equipment rental
- Implementation of complex audio systems

We are a full-service creative and production marketing agency with more than 30 years of experience in online and offline marketing (design, branding, advertising, POS, photography, content marketing, digital marketing, event marketing, etc.).

In the field of trade shows and other events, we specialize in comprehensive »one-stop-shop« solutions on a global scale. We are members of the international exhibition organization IFES. Our "ready to wear" service includes full organization and project management:

- An in-depth brief that thoroughly defines your wishes, needs, target audience, and resources.
- A creative concept and/or script for the trade show or any other event.
- Design and photorealistic 3D visualization of the project.
- Complete project execution in compliance with safety standards specific to each country.
- Development and production of graphic, POS, audiovisual, digital, and other materials required for effective and persuasive communication with your target audience (new in 2024: 3D naked-eye video!).
- Transportation of all materials (including client exhibits, if agreed upon) to/from the event location.
- Assembly and disassembly of the exhibition space/scenery on a turnkey basis using our own equipment (state-of-the-art modular Aluvision system), a range of lighting and audio technology, visual technology (TVs, touch screens, mega LED screens, projectors, etc.), and furniture (chairs, tables, armchairs, counters (info/bar), displays, refrigerators, cookers, dishwashers, coffee machines, etc.).
- Event documentation in the form of photo/video material, if agreed upon.

With years of experience, professional expertise, a skilled team, and a commitment to quality, we are your ideal partner for a wide range of marketing challenges.

www.expobiro.si

Expo Biro d.o.o. has stood out as a leading provider of event and storage tents, as well as modular grandstands, in Slovenia for over 35 years.

Our quality is evidenced by extensive international experience and long-standing partnerships with organizers of major fairs and events in Slovenia.

We take pride in our international portfolio, which includes preparing venues for Formula 1, the Olympic Games, and numerous other high-profile global events. Decades of collaboration with leading Slovenian event and trade fair organizers highlight our commitment to quality and reliability.

We offer comprehensive solutions. Our expertise and experience help us to provide guidance to partners from concept to event execution. We adapt to the specific needs of each client, offering event tents in various dimensions and shapes, fully equipped according to individual requirements. At event venues, we set up modular grandstands, stages, towers, and other structures tailored to the client's needs and terrain specifics.

Our guiding principles are the safety of workers and visitors, high-quality service, and a sustainable approach to operations.

The Ljubljana Exhibition and Convention Centre (GR) is the leading event venue in Slovenia, recognized for its dynamic architecture and highly flexible spaces, making it the perfect location for a wide range of events. We organize trade fairs, congresses, and numerous entertainment, cultural, and educational events.

We have 23 multifunctional halls with a total area of 12,323 square meters, plus an additional 8,844 square meters of outdoor space. We offer a wide variety of setups, including combinations of different halls, allowing us to host events for 15 to 4,000 attendees.

One of our main advantages is also the easy accessibility. We are just minutes away from the central bus and train stations, with a public transport stop right in front of the main entrance and nearby parking spaces. We attract over 500,000 visitors annually.

icm.si

ICM d.o.o. is a leading private organizer of professional trade fair events with a strong reputation in the industry and a member of international industry associations.

With decades of experience, we specialize in organizing and executing B2B high-tech trade fairs and technically oriented exhibitions that bring together experts from various economic sectors. Due to our commitment to excellence, respect for and adherence to high international standards (UFI – the Global Association of the Exhibition Industry, FKM, etc.), and our wide international network of industrial business partners, we have become a trusted organizer of professional trade fairs.

Our professional trade fairs provide exceptional experiences, quality business outcomes, enable direct networking, and promote education and continued learning.

ICM fairs serve as central hubs, providing a promotional and educational platform for professionals to meet, exchange insights on emerging technologies, build invaluable connections, gather ideas and inspiration for new projects, conserve resources, increase efficiency, and foster value creation.

The professional trade fair events organized by our company are the result of our own knowledge and creativity, shaped by extensive customer research and collaboration with the industry. They address prevailing trends, challenges, and opportunities shaping the sectors and play a key role in building industrial networks, maintaining business communities, and enabling education and professional growth.

We are a family-owned company with many years of experience in planning and implementing trade fair exhibition spaces and other presentations, both domestically and internationally. We have been active in the market since 1993. Our fundamental guiding principle, which is a prerequisite for the successful performance of our business partners at trade fairs and other events (congresses, exhibitions, etc.), is our continuous focus on trends in the design and setup of exhibition spaces.

In addition to the standard setup of exhibition spaces using the OCTANORM and MAXIMA modular system, we also offer more complex carpentry setups with all the necessary exhibition equipment.

With our in-house graphic workshop, we provide a wide range of graphic services, such as large-format digital printing (films, canvas, tarpaulin, etc.), the creation of advertising signs from various types of films, CNC cutting (3D logos), light boxes, and more.

In more than three decades of successful operation, we have gained the loyalty and trust of satisfied business partners, thanks to our professionally skilled team. This is our reward for high-quality work.

www.pomurski-sejem.si

The Pomurje Fair in Gornja Radgona, located at the crossroads of four countries, is best known for the international agricultural and food fair AGRA, which, with a tradition spanning over 60 years, nearly 1,800 exhibitors from more than 30 countries, and over 100,000 visitors, is one of the most important fairs in this part of Europe. In addition to AGRA, we organize international fairs for construction MEGRA, defense, security, protection, and rescue SOBRA, hunting, fishing, tourism, and outdoor activities LOV, as well as other internationally significant fair events.

At the fairgrounds, we also host prominent professional quality assessments of meat and meat products, non-alcoholic beverages, juices, water, milk and dairy products, wines, honey-based drinks, honey, packaging, and agricultural machinery.

Our fairgrounds cover 90,000 m<sup>2</sup>, including 30,000 m<sup>2</sup> of outdoor space, 3,000 m<sup>2</sup> of barns for livestock exhibitions, 15,000 m<sup>2</sup> of demonstration plantations, and 17,000 m<sup>2</sup> of parking and other areas. The halls and pavilions occupy 25,000 m<sup>2</sup> and are suitable for professional, business, and cultural events, ranging from small to large-scale occasions.

You are kindly invited to Pomurje.

*Exhibition program: Gastronomy, Beverages, Coffee, Pastry, Bakery, Catering – Hotel Equipment & Ice Cream & Wine & Beer*

A fair that sets trends in the hospitality and hotel industries. The leading B2B fair in the region for the Ho-Re-Ca sector, where more than 350 domestic and international exhibitors showcase their products every year. It is held in a hybrid format – both in-person and digitally, offering a new dimension of business networking and expanding B2B connections.

**PRIMORSKI SEJEM** (25 editions) **& AGRICULTURAL DAYS**

**International Craft & Entrepreneurial & Agricultural Fair**

**Koper – Arena Bonifika**

The fair is aimed at companies and craftsmen from various sectors and countries who wish to present their products, services, and innovations in the Primorska region. The added value of the fair is seen in its diverse accompanying program, which includes free lectures, workshops, and entertainment events.

# PROEVENT

**PROEVENT, družba za organizacijo dogodkov, d. o. o.**

**Dunajska cesta 10, 1000 Ljubljana**

**+386 (0)1 300 32 22**

**info@proevent.si**

**www.proevent.si**

Proevent d.o.o. is not just a story, but an unforgettable journey that began in 1995. From our original vision of setting up exhibition structures and renting event equipment, we have grown into a leading company that creates unforgettable and exceptional events both in Slovenia and abroad.

**WE BRING PEOPLE  
TOGETHER.**

Our vision spans from the initial idea to execution, placing us at the top of the meetings industry. With over 25 years of experience, we boast a professional team dedicated to realizing your desires and needs, whether for our own recognizable brands or for prestigious clients. We organize events, fairs, and congresses, set up exhibition structures, rent out event equipment, manage ticket sales systems for events, and with our technical support, we ensure that everything runs smoothly. With our expertise in design and marketing, we can also establish the full graphic identity of events and take care of their digital presence.

# PROZVOK d. o. o.

**Prozvok d. o. o.**

**Mavsarjeva cesta 28, 1357 Notranje Gorice**

**+386 (0)31 364 000**

**info@prozvok.com | www.prozvok.com**

**info@rent4event.si | www.rent4event.si**

Prozvok is a company with 24 years of tradition that has successfully established itself in both the Slovenian and international markets. We are one of the leading Slovenian companies offering comprehensive stage solutions for the construction of concert stages, concert roofs, sports stands, event fences, and event furniture.

Our company aims to cover as wide range of events as possible. We are present at the largest sporting events with modular stands and are the largest rental company for safety fences. We also have a furniture department that manages the rental of event furniture: banquet, bar, and conference tables, aluminum, bar, and conference chairs, sofas, flame lamps, decorations, directional posts, and more. For this segment, we have created the brand Rent4Event, under which we market furniture and decorative event equipment.

We are known for our strong assembly and logistics team, capable of handling both individual, boutique events and the most demanding projects (such as the World Nordic Ski Flying Championship in Planica, Magnifico's concert for his 30th anniversary, Red Bull Flugtag 2024 in Maribor, the Ljubljana Marathon, Biathlon Pokljuka, Zlata lisica and Pokal Vitranc, 75 years of Porsche, Baby Expo, Luka2Bled, The Dragon Night, and more).

**TOGETHER WITH OUR CLIENTS, WE BUILD ON LONG-TERM TRUST, AS WE REALIZE THAT WE ALL CO-CREATE THE EVENT.**

3D design has been our companion for many years, as it allows both the client and us to have a realistic preview of the planned event setup and anticipate potential challenges and scenarios. With 3D drafts and animations, we provide the client with a realistic view of the planned event and the best possible visual representation. We particularly recommend 3D drafts or animations for more complex events where you do not want to leave anything to chance.

# R 8 INŽENIRING d. o. o.

## R 8 Inženiring d. o. o.

Partizanska cesta 1, 2000 Maribor

info@r8-inzeniring.si

www.r8-inzeniring.si

We are a company that has been actively participating in trade fairs and various other events for over 30 years, offering a complete range of services from planning and design to the technical execution of exhibition spaces in Slovenia and abroad.

In designing exhibition spaces, we use various materials, including Octanorm, Maxima light, Quadro structure, and other materials related to the creation of custom-made exhibition stands.

We provide complete exhibition engineering services as well as other trade fair services. We design exhibition spaces FROM IDEA TO EXECUTION with the aim of offering high-quality trade fair services. With our many years of experience, we help companies ensure their presentation at trade fairs is successful.

For more information, you can visit our website [www.r8-inzeniring.si](http://www.r8-inzeniring.si) or contact us, and we will be happy to visit you.

# STAGESOUND d. o. o.

**Stagesound d. o. o.**

**Jurkovičeva ulica 7, 9252 Radenci**

**+386 (0)2 583 10 56**

**info@stagesound.si**

We were the first to start offering the rental of mobile stages for events on the Slovenian market, and we have been doing this successfully since 2000. We offer a wide range of mobile stages from the Austrian manufacturer StagePartner, ranging from the smallest with a footprint of 5x4m, a medium size of 8x6m, to the largest with dimensions of 13x10m and a total roof load capacity of 13 tons.

The advantage of mobile stages is their quick assembly and safe use, as they do not require additional safety measures or ballast due to their own weight and sturdy construction.
