

INVITATION

CAPABLE Final Conference

20 June 2024, from 10.00 – 15.00 EEST

Dear Madam/Sir,

The Panhellenic Association of Engineers Contractors of Public Works, the Greek Ministry of Environment and the whole consortium of the CAPABLE project have the pleasure of inviting you to the Final Conference in the framework of the CAPABLE project, which will take place in a hybrid form in the Greek Ministry of Environment and Energy meeting room in Athens on 20 June 2024.

The CAPABLE project, which was launched in 2021, brings together 4 EU Countries (Italy, Greece, Poland and Slovenia) through the involvement of 6 National Sectoral Social & Education partners.

Its main objective is to enhance Public Authorities' capacity building in meeting the challenges faced upon renovating the public building stock, and thus enable behavioral change and prepare key players of the public sector to become true factors of change for reaching the EU environmental, sustainability, climate change and energy efficiency targets.

During the Final Conference, you will have the opportunity to be informed about the actions and results of the project and also discuss strategies and best practices for public building renovations and green buildings and urban revitalization. Please find attached the agenda.

Meeting modalities:

The Conference will take place in a hybrid form, both online and with a physical presence.

Registering through the following link: <https://meet.goto.com/690565333>

We look forward to seeing you at the final conference of the CAPABLE project.
