# Digitalni svet 2020

*Digital world 2020 – lessons learned*

**NAVIGATING THE NEXT NORMAL WITH  
WORK TRANSFORMATION**

**ANGELA SALMERON**

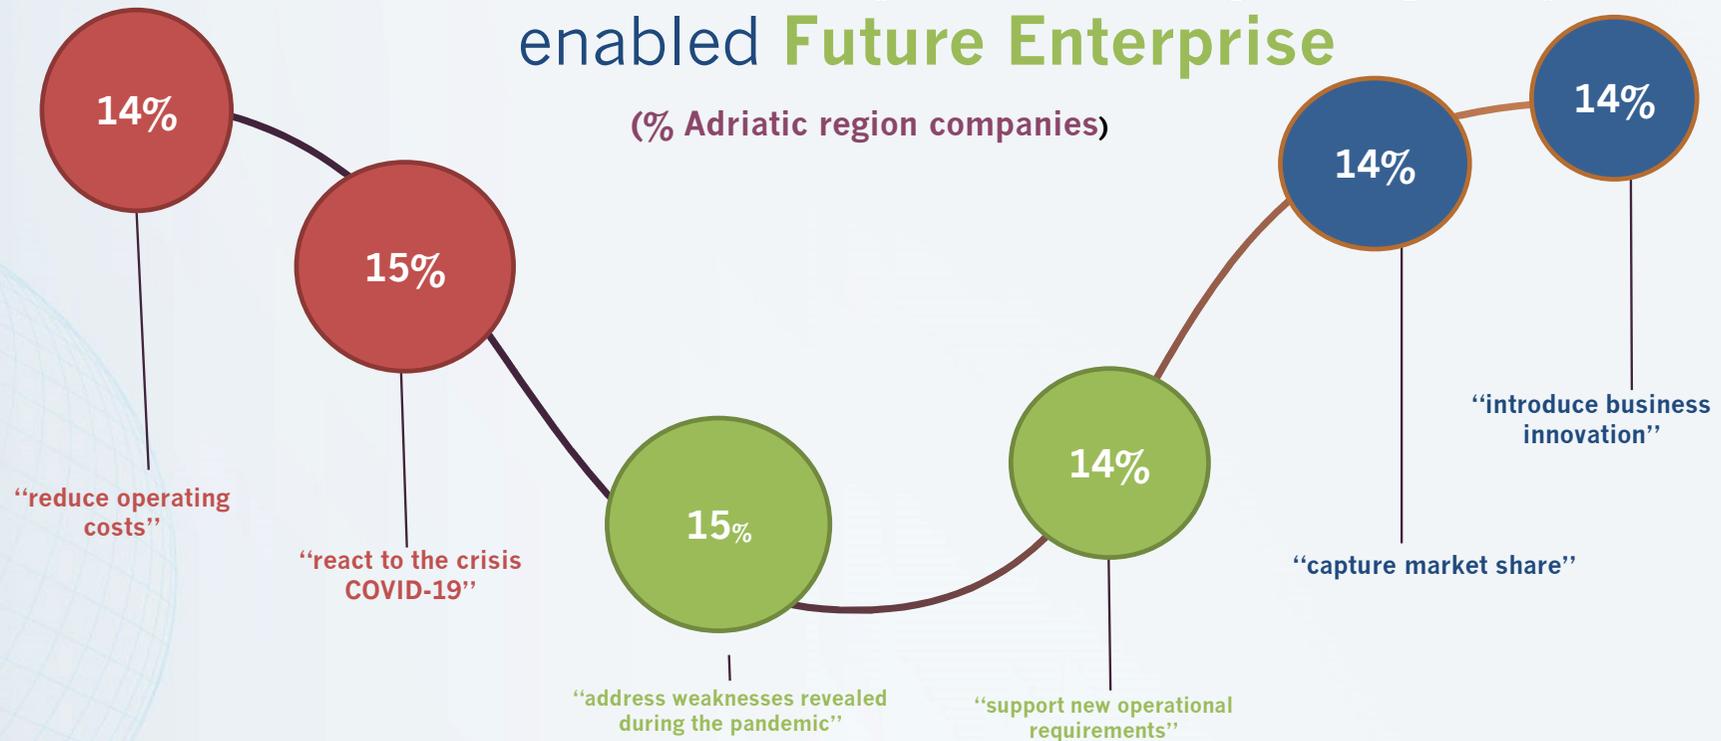

European Future of Work Lead

IDC Europe

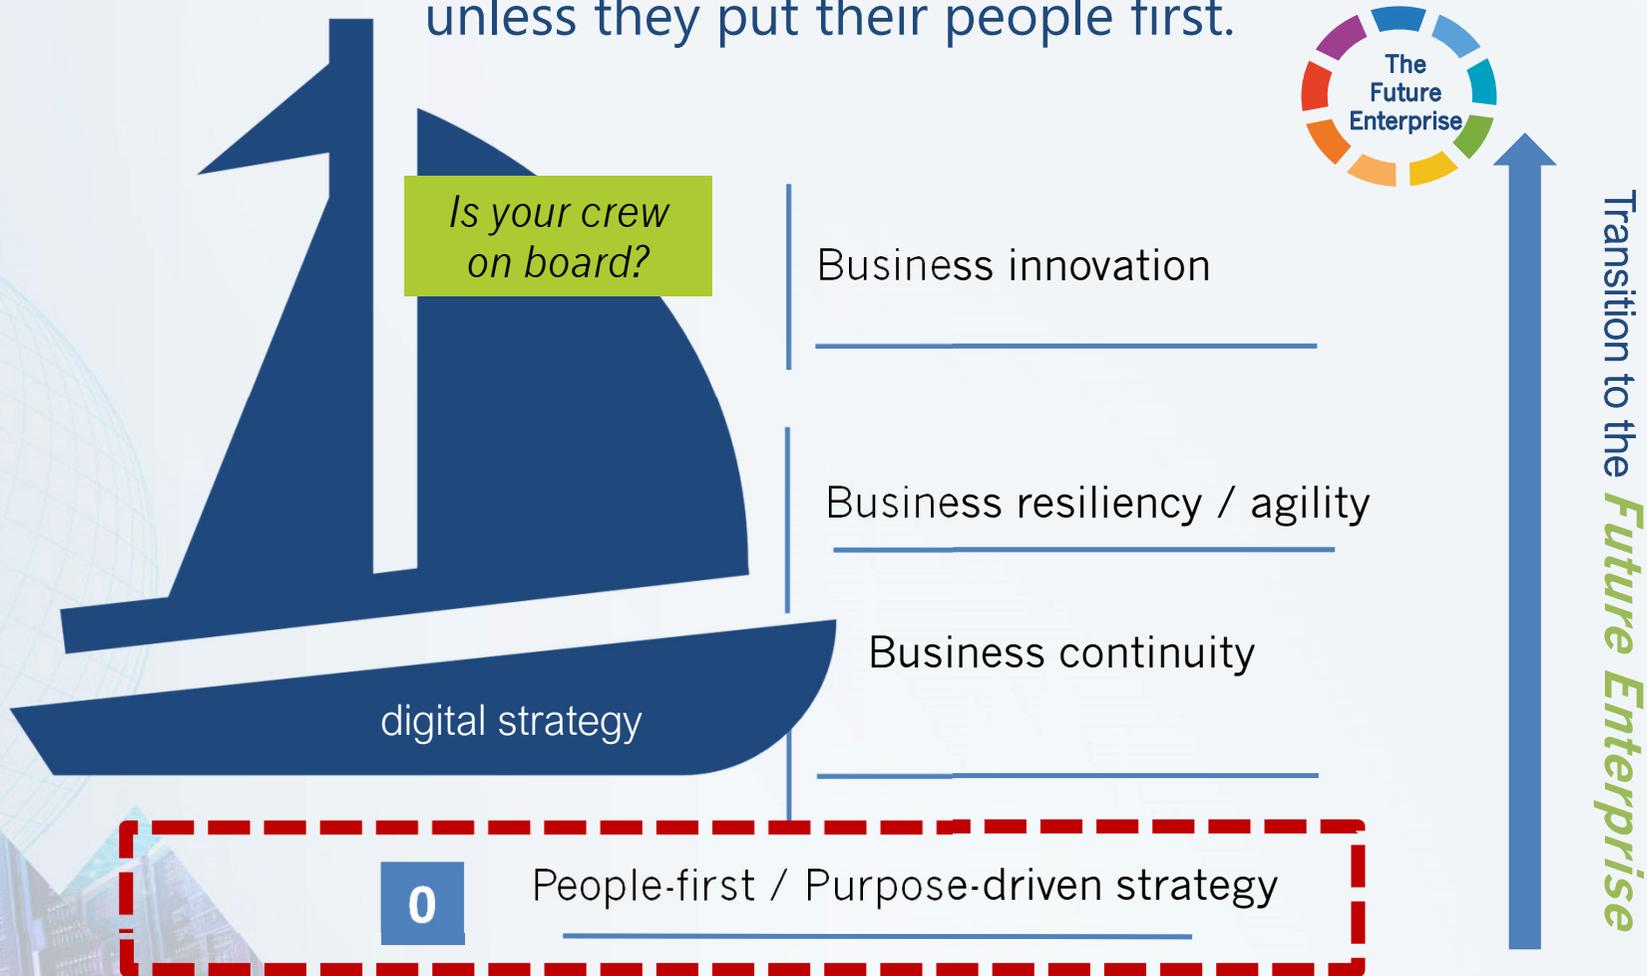

# The road to recovery: becoming a digitally enabled **Future Enterprise**

(% Adriatic region companies)

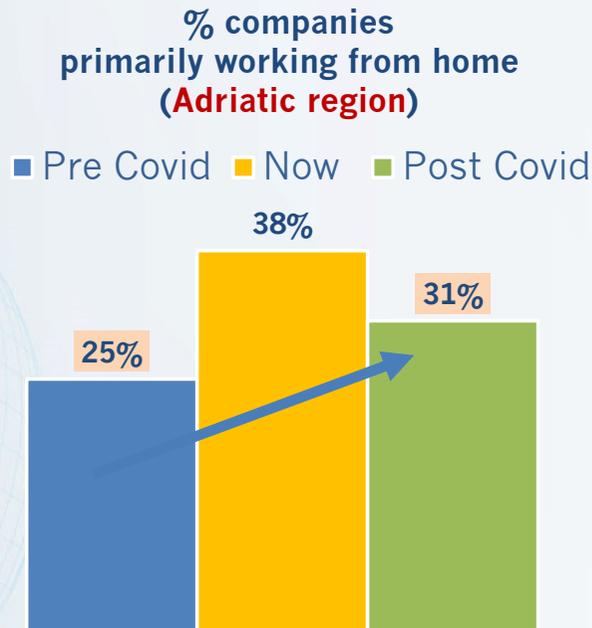

Crisis response Business continuity	Adaptation Business resiliency	Acceleration Business innovation
--	-----------------------------------	-------------------------------------

However, companies won't transition to the **Future Enterprise** unless they put their people first.

# From 5:2 to 3:2:2 – the hybrid workplace by design

\* Many more companies will enable employees to work from home 1 or 2 days a week

## Technology parity – Top 5 tech investments 2020/2021 Adriatic Region

- #1 Mobile / Cellular connectivity
- #2 Upgrading PC, mobile devices
- #3 Video Conferencing
- #4 eSignature software
- #5 End-user computing management and security

# Redefining how work gets done: faster, smarter and more innovative

## Work challenges to drive business value

Complex processes to get the job done

Outdated technology

Inefficient and/or manual processes

Inability to efficiently access data

Overload of information

## The way forward

Re-engineering workflows

Automation and intelligence

Tool / data democratization

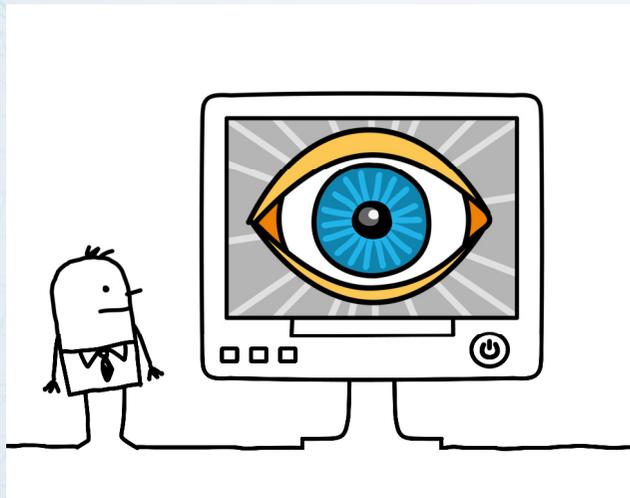

Single source of truth  
Actionable insight

Contextually aware environments

# Redefining employee productivity for business resilience

## Shift away from presenteeism, surveillance

Source: *European Future of Work COVID-19*,  
April 2020

26%

Deployment of software analytics monitoring employee activity

55%

Despite initial reservations, employers agree they can trust employees

outcomes

# Building resiliency: organizational agility

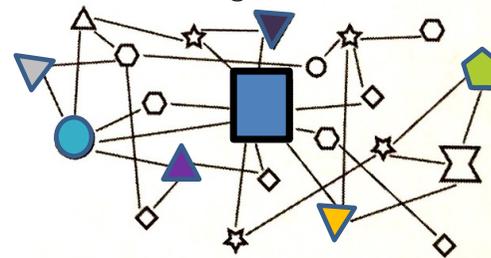

## Mechanical / hierarchical organization

1. Task and jobs
2. Managers, Reporting lines
3. Traditional KPIs, presenteeism
4. Information siloes

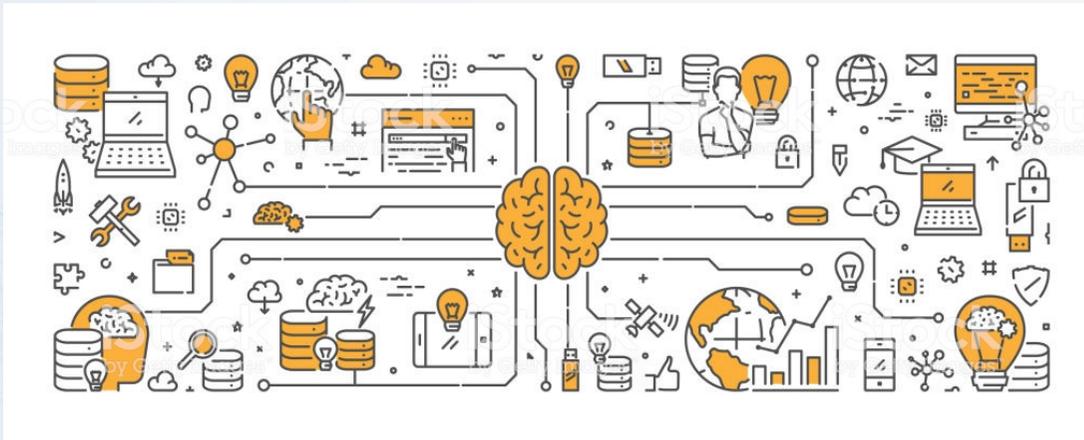

## Fluid organization

*"The right people in the right teams and at the right time"*

1. Skills and teamwork, internal mobility
2. Trust, end-to-end accountability
3. New KPIs: NPS, innovation cycles, etc.
4. Data-driven: performance & behavior

# What is modern learning?

## continuous

- Applied to the task
- Every day, every week, every month
- Multi-channel, bite-size content

## agile

- Training measurable according to job performance.
- Right materials, at the right time, to the right workers.

## AI-enabled

- Identify skill gaps and training required
- Providing career pathway recommendations

# Redefining the office environment

## Real-estate optimization

- Real-time occupancy data and analytics
- Desk and meeting room usage optimization
- Carbon footprint: efficient use of energy resources

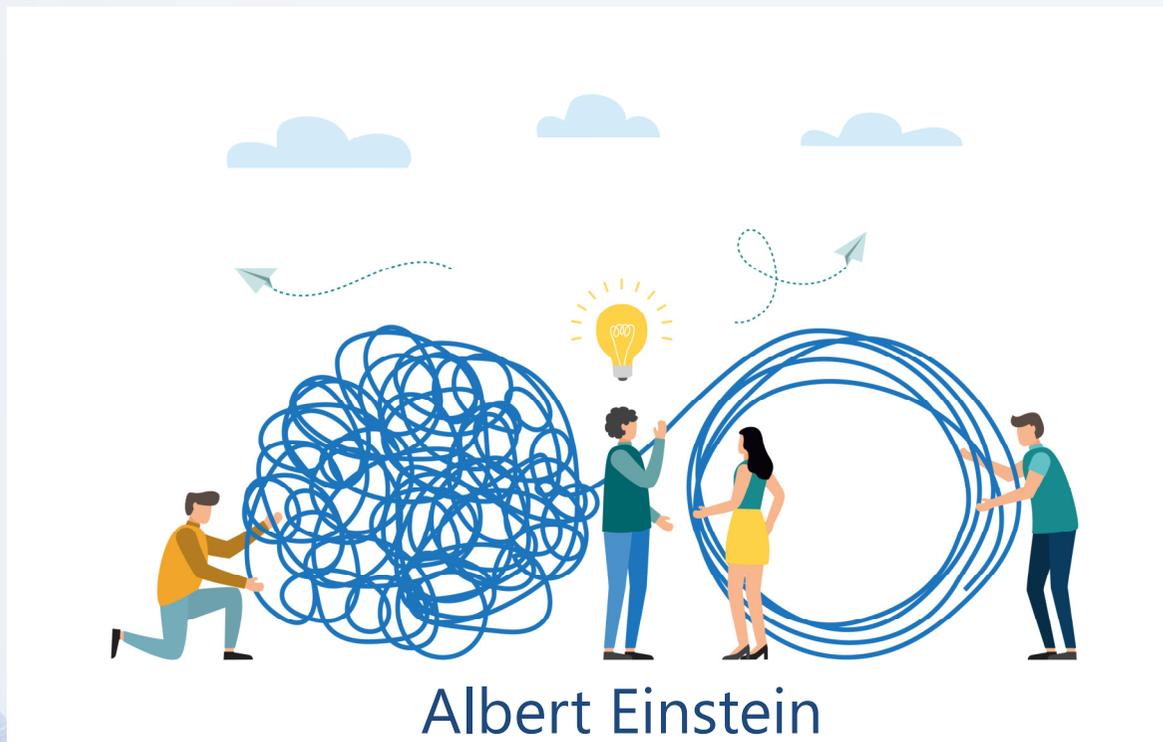

## Smart collaboration

- Advanced conferencing systems
- Smart meeting room management
- Integrated workplace management platform

## Wellbeing

- Light, air quality, temperature and humidity
- Dedicated health and safety apps / contact tracing
- Health & safety policies

*"In the middle of difficulty lies opportunity"*

Albert Einstein
