FISH, BEEF, PHARMA, FOOD

HOW WILL MARKET REALIGN

WHAT MAY CHANGE

Customs Territory

We expect freight to try and stay within its own territory – so NI cargo will move to GB on direct sailings and VV..

Some Modal Shift

Some cargo will 'discover' LO/LO and switch because of cost and dependable transit time.

Ferry realignment

The market will try and push through Landbridge BUT if too unpredictable then there will be realignment of ferries...
