

International trade fair for low voltage equipment, electronic and automation components

November 5-7, 2019
International Exhibition Centre
Kyiv - Ukraine

LOW VOLTAGE EQUIPMENT

Modular products
Power circuit breakers
Load switches
Residual current devices
Control gear
Switches, contactors
Control and metering devices
Low voltage switchgears
Current and voltage transformers
Stabilizers, uninterruptible power supply (UPS)
Enclosures, cabinets, boxes
Low-voltage cables, accessories
Cable support systems, busducts
Electrical wiring accessories
Industrial plugs and sockets
Electrical installation products, materials, tools
Lightning protection and earthing systems

LEDs AND OPTOELECTRONICS

LEDs and LED modules
Accessories
Indicators, displays
Fiber optics
Lighting control
LED lighting fixtures

ELECTRONIC COMPONENTS

Passive electronic components
Active electronic components
Semiconductors and modules
Integrated circuits and modules
PCB connectors and terminal blocks
PCB contract manufacturing
Technological equipment and materials

AUTOMATION COMPONENTS AND SYSTEMS

Programmable controllers
System components and interfaces
Intelligent Integrated Systems
Interface modules
Signal input and output devices
Relays, contactors, sensors
Electrical drive technology
Building automation systems

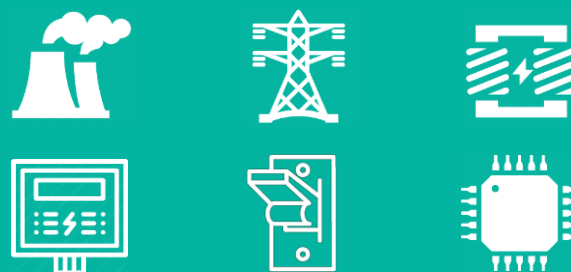

LOW VOLTAGE EQUIPMENT
LED AND OPTOELECTRONICS
ELECTRONIC COMPONENTS
AUTOMATION COMPONENTS

POWER GENERATION EQUIPMENT
HIGH, MEDIUM VOLTAGE EQUIPMENT
POWER GRID COMPONENTS
AUTOMATION, METERING, CONTROL

Co-located trade fairs forming an integrated electrical industry event

November 5-7, 2019
International Exhibition Centre
Kyiv - Ukraine

Exhibition space, participants

Gross exhibition space, sq. m	8423
Net exhibition space, sq. m	4317
Exhibitors	268
Visitors	7032

Among 2018 exhibitors

E.NEXT
Electrical Newest Exclusive Extended Technologies

EATON

legrand

Schneider
Electric

IEK

Weidmüller

PHOENIX

SIEMENS

CHINT

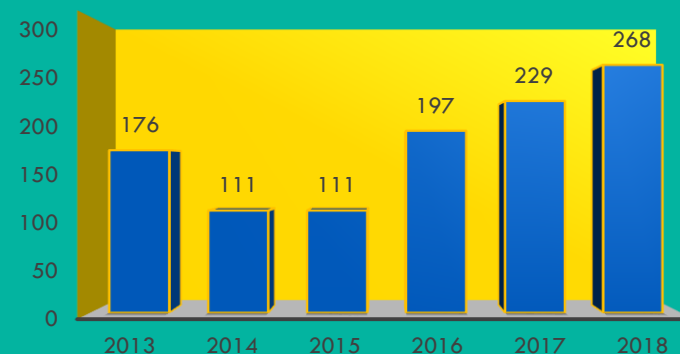

LAPP

KEAZ

LSIS

Number of exhibitors by years

One of the innovations of ELECTRO INSTALL was on-site DEMO-area. During 3 show days the trade fair participants had the opportunity of presenting their latest developments and proving their products advantages to existing and potential customers while live product demonstrations, master classes and contests. Visitors got up-to-date visual information from representatives of foreign and domestic brands such as EATON Ukraine, E.NEXT Ukraine, IEK Ukraine, Legrand Ukraine, Radpol S.A., Schneider Electric Ukraine, Siemens Ukraine, Vertikal Ltd., Odeskabel PJSC, Utex Ltd.

Participant statements on ELECTRO INSTALL '2018

Sergey Kuzovkin, Commercial Director of E.NEXT Ukraine

«The company presents energy-efficient solutions for investors to return the investment as soon as possible. Such solutions are in demand in the market because the cost of energy resources increases every year. Thanks to the show organizers for high-quality organization»

Stanislav Nerovnia, Director of IEK Ukraine

«IEK is one of the leaders at the electrical market of Ukraine, has been present on the market for 16 years. Our motto is "stable quality at the affordable price". The trade fair is going successful, there is a huge number of visitors»

Roman Cherednichenko, Legrand Ukraine

«Thanks a lot to the organizers for wonderful organization of the event, thanks for the interesting idea with DEMO-area, there are a lot of interesting speeches, a lot of new products, it is always interesting to be in trend, to know what is going on in the market, to look at competitors' products and to understand how far we are ahead»

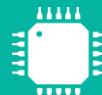

Eduard Zyuma, Director of KEAZ Group

«Our company is a manufacturer of low-voltage equipment. The trade fair ELECTRO INSTALL has become for us, perhaps, a discovery. We have not expected such an effective trade fair, a lot of final consumers of our product. We all enjoy it. Wait for us the next year!»

Andrii Oliinyk, Eaton Electric

«At the trade fair we present a wide range of modular protective devices for household use, large circuit breakers for industrial distribution in high-voltage power grids. We are pleasantly surprised by the number of visitors and plan to participate next year»

Price-List No. 1

Administration Fee	Exhibitor details in the trade fair catalog, at IEC website, visiting invitation tickets (electronic format, number is not limited)	€186
Raw exhibition space	Non-equipped space inside the exhibition hall for self-construction	€151 / sq. m
Shell scheme booth	Standard equipped exhibition booth	€179 / sq. m
Outdoor display	Non-equipped space at the open-air site near the exhibition hall for equipment display	€53 / sq. m
Conference-hall	Furnished conference-hall	€132 / h
Color advertising in the trade fair catalog	1 page A5 format	€250

Additional charges

Exhibition stand type extra charges:

- ❖ corner (2 open sides) – 1.2
- ❖ half-island (3 open sides) – 1.25
- ❖ island (4 open sides) – 1.3

Additional exhibition stand furniture/ services (incl. stand vacuum cleaning) can be ordered. Please contact trade show management for price-list and details.

Shell scheme booth standard equipment (per 9 sq. m)

Wall panels	- 100 x 250 cm	
Carpeting	- standard color - blue	
Fascia panel with booth name and number	panel height — 30 cm, length – by stand's open sides	1 - 4
Table (square or round)	75 x 75 cm	1
Chair (padded)		2
Socket 220 V	2,2 kW	1
Spotlight	100 W	2
Wall coat hanger, wastepaper basket		1

Raw exhibition space

You can order design and manufacture of your exhibition stand at specialized stand building companies.

Any company supposed to install an exhibition stand must get accreditation at the International Exhibition Center before mounting start on November 3, 2019.
