

International Exhibition

of equipment and technologies for waste collection and recycling

Supported by

Waste Management 2018

2-3rd of October, Kiev, Ukraine, The Ukrainian CCI

Ukrainian Government **has approved the National Waste Management Strategy** in 2017!

In the period from 2018 to 2030, the **strategy provides:**

- **organization of separate waste collection** in 5000 settlements
- construction of **240 waste reception centers**
- construction of **735 waste recycling facilities**
- construction of **19 plants for thermal waste disposal**
- construction of **50 modern MSW landfills**
- closing and **reclamation of existing 5700 MSW landfills.**

By 2030, the **level of MSW recycling will increase to 20%** of the total volume (2017 - 3.04%).

By 2030, the percentage of waste sent for disposal to landfills should be reduced to 35% (2017 - 50%).

By 2030, the percentage of waste sent to thermal disposal should be 10% (2017 - 2.37%).

International Exhibition of equipment and technologies for **waste collection and recycling** **Waste Management 2018** will be conducted on **2-3rd of October** in Kiev, Ukraine, The Ukrainian CCI.

This international forum aims to become a platform for attracting investments and advanced technologies into the industry.

Main topics:

- Legislation reforms in the field of waste management
- Waste management in Ukraine: current state and investment environment
- Investment projects of Ukrainian regions
- Separate collection and transportation of waste
- Sorting and recycling of waste
- Waste disposal: biogas, incineration, W2E, MSW landfills
- Industrial waste recycling (mining and metallurgical sectors, fuel and energy sectors, agriculture and food industry)
- Recycling of secondary raw materials (secondary polymers, waste paper, cullet, used tires and rubber goods)
- Collection and disposal of hazardous waste (medical waste, chemical waste, oil-containing waste, WEEE and batteries).

Who will attend:

- suppliers of equipment and integrated solutions for waste management
- MSW operators
- financial institutions
- industrial enterprises
- ports
- construction and engineering companies
- retailers
- packaged goods producers
- recyclers of secondary raw materials
- Ministries, municipal and state authorities, diplomatic missions
- territorial communities, societies of co-owners of apartment buildings.

Detailed information about the event is available on the website wm-expo.com

We invite everyone to the meeting of professionals in the field of waste collection and recycling in Kiev!
