# ABOUT US

*We are DELICIA confectionery factory, one of the most famous in Ukraine.*

*We are loved for the aroma and taste of cookies, waffles and gingerbread.*

*We have been working since 1997!*

*The philosophy of DELICIA is in the choice of natural products and usage of authentic recipes to obtain high-quality and safe products*

We have been working since 1997!

1997

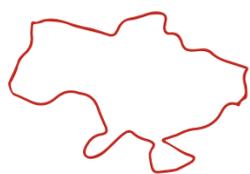

We export to more than 20 countries of Europe and Asia.

The confectionery factory is located in Bucha.

230 product items. We produce more than 60 types of cookies, gingerbread, and waffles.

DELICIA products are available everywhere in Ukraine.

2022

DELICIA's production facilities are certified in accordance with the requirements of international standards.

**Our goal is the production of tasty, safe and high-quality products in accordance with the company's philosophy.**

## **OUR TEAM**

**We are a reliable, professional and friendly team that does everything possible to give consumers the pleasure of incredible taste.**

The company's employees include specialists in various fields: they fully control the production process from the initial stage of selecting ingredients to the delivery of finished products.

# PRODUCTION

In the production process, we use **only fresh, natural ingredients** that undergo thorough input control before entering production!

Our management system of food quality and safety is certified to meet the requirements of the **"IFS Food" international standard**. This allows us to provide consumers with **European product at Ukrainian price**.

## CERTIFICATE

Herewith the certification body  
**DQS CFS GmbH**  
being an accredited certification body for IFS certification and having signed an agreement with the IFS owner, confirms that the processing activities of

**Private Enterprise "DELICIA"**  
2-V, Zavodska Str.  
t. Bucha  
Ukraine  
COID: 49389

for the audit scope:  
Production of confectionery products: biscuits, waffles, gingerbreads, original cakes, candies (with or without filling, covered and uncovered by different types of coating) by chilled storing of some raw materials and semi products, milling, mixing, baking, filling and coating, packed into cartons and plastic containers wrapped in foil or polymer packaging and plastic bags.  
Exclusion from scope: cream cakes, pastries, confectionery desserts and oatmeal cookies.  
Beside own production, the company has outsourced processes and / or products

06: Grain products, cereals, industrial bakery and pastry, confectionary, snacks  
D, F

meet the requirements set out in the  
**IFS Food**  
(Version 6.1, November 2017) and other associated normative documents  
at **Higher Level**.

Audit programme: **Announced**

Date of audit 28.05.2021

- Availability of auxiliary premises at the warehouse (toilets, showers, utility rooms, changing rooms for staff).

## ● Advantage 4

- Accessibility of 2 palletizers which are built into the warehouse (advantages: uniform stretch film tension during palletization)

# DELICIA BRAND CARS

The fleet of the DELICIA confectionery factory has **12 refrigerator cars** (2 Mercedes-Benz and 10 Scania) from 2017 year of manufacture, Euro 4, Euro 5 and Euro 6.

All cars are **equipped with tachographs**, according to international standards (the driver works according to the law, fulfilling all the requirements of work and rest).

It takes **about 30 minutes to load 1 car**. The delivery time depends on the number of delivery points and the distance from the warehouse.

The fleet also has **passenger cars, buses, a flour truck and special equipment**.

# PROCESSING OF ORDERS

All orders are sent via EDI (Komarkh, EDIN, SPOD5D), this eliminates errors that may occur during manual order entry.

Orders are being automatically entered into the 1C8 database, after which they are transferred to the production and warehouse for assembly and palletization.

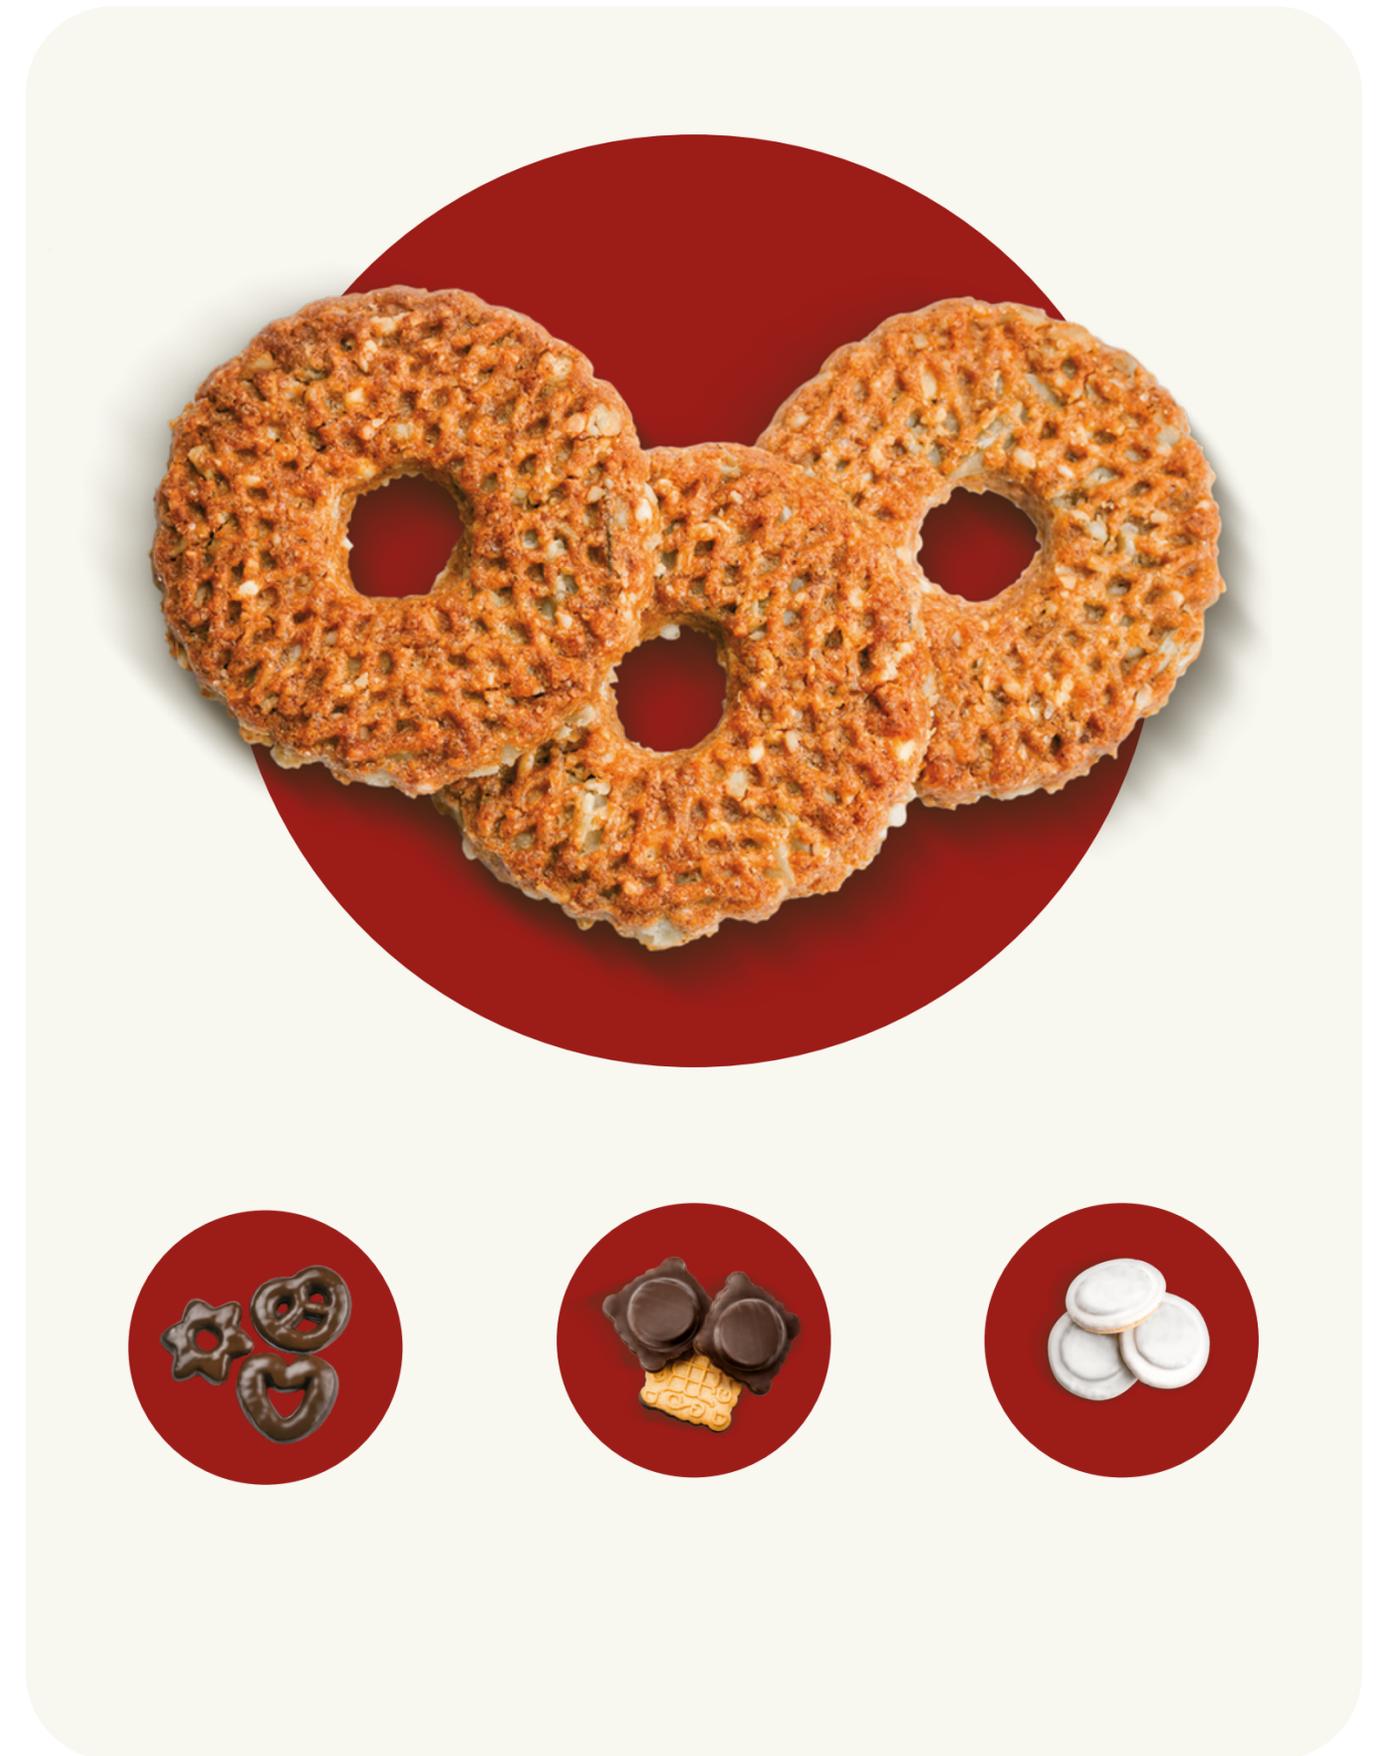

Each order-packer has a tablet where he records the collected goods by quantity and production series. A packing slip is printed on the formed pallet (indicates the recipient, pallet number, product range, production series and number of boxes). Formed pallets are placed in the area of collected products, where they await shipment.

# PRODUCT MANUFACTURING PROCESS

**The basis of our confidence in our own products** is the provision of a full cycle of production on special technological lines.

This allows you to control the process at all stages, from the moment of selection of raw materials to the release of finished confectionery products.

**DELICIA is constantly modernizing and expanding production:** our technologists are working on introducing new recipes and improving existing ones.

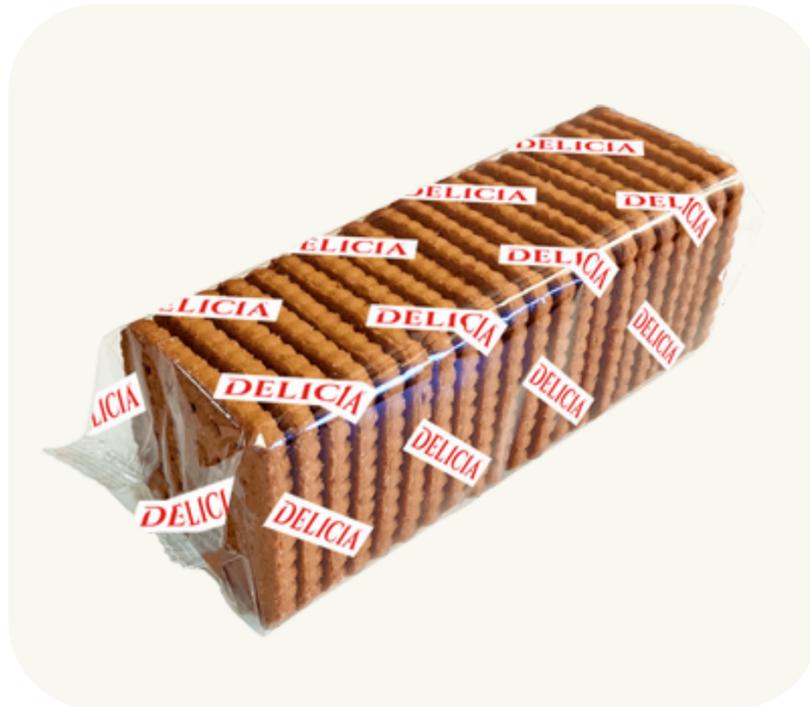

# PACKAGING

We pay special attention to the design of products, because packaging is the outer wrapper of our team's conscientious work, which corresponds to the company's philosophy.

# PACKAGING

**Delicia** takes into account the individual needs of customers, so it supplies products of different weights and packaging formats. This is convenient for each of our consumers and allows us to maintain the optimal cost of confectionery products.

# PRODUCTS

DELICIA

## COOKIES

**We produce a huge assortment of cookies:** butter, sugar, with or without filling, with nuts, and even with flax and sesame seeds.

We make sure that even the most demanding customers find their favorite cookies.

## GINGERBREADS

Bavarian, Vorzel, Eastern ...

Natural ingredients, an original recipe and a well-chosen bouquet of spices will be able to give you "sweet" joy!

## WAFFLES AND ROLLS

The crunchiest wafers and wafer tubes from "Delicia" will appeal to all connoisseurs of sweets.

EXCLUSIVE  
GIFTS FOR  
HALLOWEN

# SET OF SUGAR COOKIES «HALLOWEEN»

The original packaging combined with cute figurines is a present that will surely take the affection of not only little girls and boys, but also adults.

The set of exclusive sets includes pencils with ready-made colored glaze, which will allow you to immediately start decorating figurines, plunging into the world of art, without wasting your time and energy on preparing glaze.

# PRODUCTS FRIENDLY

Friendly products are developed according to our own recipes with sincere care and with you for each of our consumers.

Only high-quality GMO-free products are used for the manufacture of ovens and gingerbread. We buy all ingredients from proven suppliers with whom we have been working for many years.

# PRODUCTS FRIENDLY

Friendly packaging is made in a cheerful and bright style. Thus, we convey the good mood and positive emotions that our team invests in the products. And most importantly, children like the rich colors of the wrapper.

# GEOGRAPHY AND EXPORT

More than 20 countries of Europe and Asia: Germany, Lithuania, Latvia, Hungary, Iraq, Poland, Romania, Great Britain, Switzerland, etc.

# GOALS OF A COMPANY 2022-2023
