Legal

Boga & Associates

BOGA & ASSOCIATES

Established in 1994, Boga & Associates has emerged as one of the premier law firms in Albania, earning a reputation for providing the highest quality of legal, tax and accounting services to its clients. They also operate in Kosovo (Pristina), offering a full range of services. Clients benefit from:

- Expertise in handling high-profile and sensitive matters;
- In-depth and wide-reaching sector focus and expertise;
- Years of advisory experience; and
- Practical and commercial knowledge.

Boga & Associates is recognized as a top tier firm by the most prestigious ranking companies in Corporate/Commercial, Dispute Resolution, Intellectual Property, Real Estate by Chambers and Partner (2012), Financial and Corporate Law as well as Mergers and Acquisition by IFLR (2012).

Kalo & Associates

Established in 1994, Kalo & Associates is recognized as a leading law firm in both Albania and Kosovo. It is a full service law firm providing a broad range of legal services in all core areas of commercial and corporate law for domestic, foreign, and multinational companies. The Pristina office was opened in May 2008 representing an official consolidation of the firm's already long history of the provision of legal services to businesses in the Kosovar market.

In the establishment of the office in Kosovo, Kalo & Associates brought on board two successful and reputable Kosovar lawyers, Ahmet Hasolli and Gazmend Nushi to lead the office. Both partners of this office are extremely well-established lawyers in Pristina with a wealth of local experience and expertise to offer foreign investors in the field of commercial and business law. This partnership represents a strong local identity, strategic vision and consistency in the provision of quality legal services.

Kalo & Associates in Pristina is in an excellent position with an impressive capacity to manage representation of foreign investors in an efficient, responsive and conscientious manner in Kosovo.

Education

Universum College

Universum University College is a higher education institution in Kosovo aspiring to be the first research-intensive institution in the region. It is one of the few unconditionally accredited higher education institutions in Kosovo from the Kosovar Agency for Accreditation, with the evaluation conducted by international experts. Its strategic planning, curriculum and quality assurance system were highly evaluated by international experts. It is renowned for its academic background, research facilities, and international opportunities offered to its students and academic

English Centre

English Centre- School of foreign languages in Prishtina was established and registered by the Ministry of Trade and Industry of Kosovo on date September 11th, 2006 by Tomor Hoxha.

Starting with one location in the city center of Prishtina close to “Mother Teresa”, on “Tring Smajli” street, 1st entrance and followed by a second location since 2010 on “Kodra e Trimave” neighbourhood, on “Mic Sokoli” street, number 1, English Centre School provides training courses of foreign languages, such as: English language, German language, French language, Italian language and Albanian language.

The English Centre School is known as a centre for providing intensive courses of foreign languages, while location number 2 of English Centre is known for providing regular courses only for children therefore it is called the centre for English language and

mathematics.

English Centre implements many projects offering English language courses, training a large number of people from governmental and non-governmental institutions of Kosovo. The English Centre, apart from the division of foreign **language courses**, has the **division of translation**, offering translation services in many foreign languages but mainly focused on three official languages of the country.

Production

Compact Group

The inception of **Compact Group** is closely linked with the overall drive of Kosovo society to strengthen and develop the private economy. Founded in 1990 by brothers Shala, Compact Group is committed to continually upgrade and expand the production program and services comprised of a diversified range of activities while maintaining a strong capital position.

Following several years of research on the water production business, DEA started production in 2004. In the first two years, the company has successful penetration in the market and a rapid growth of market shares. This was due to the good quality of its products as well as properly targeted promotion. During this period we expanded the product lines and kept on continuing the expansion.

DEA natural mineral water is also continuously checked for quality at the official laboratories of DEA plant. DEA is certified with ISO 22000:2005 and HACCP. The lab is certified with ISO 17025. Since 2006, these measures enable Dea water to offer its consumers a quality product with international standards. DEA Water is consumed by the NATO troops in Kosovo, all embassies and U.S. Army in Kosovo and abroad. DEA plan to expand into new markets, such as European countries.

Holland Tech

Operating since 1998, Holltech is a rapidly growing company specialized in producing door openers, door components and full set of sectional doors and rolling doors. They have installed their products in different countries, like: Kosovo, Albania, Macedonia and Montenegro. With more than 10 years of experience and their enthusiastic no-nonsense work team, they aim to be a long term, reliable supplier with solid product quality and right price!
