Home What is Proceed RSN? How to use Proceed RSN?

How to use Proceed RSN platform

a guide through the functionalities of the platform

The access to the platform requires a free registration.

Unlogged users can use the log in form to log into the platform, they can register in order to get access to the platform.

Unlogged users can also read "What is Proceed RSN" (short description about the platform), "How to use Proceed RSN" (a guide through the functionality of the platform), "Terms and conditions", "Privacy policy" and if there are still issues to be clarified they can contact the RSN administrators.

Accessing the Proceed RSN web site (www.proceed-rsn.eu) you can choose either to register as a new user (Join Proceed RSN now) or to sign in if you already have an account.

Join in

If you want to join in as a new member, the registration process requires an e-mail validation, in this case please check your e-mail address (please look also in spam or bulk section if you haven't got the e-mail in the inbox). Following the instructions in this e-mail message you can activate your account.

Forgot password

If you forgot your password, you can choose to reset it by clicking on "forgot password?". This process also requires an e-mail validation, so please check your e-mail address and follow the instructions there.

Sign in

Signing in (with your username and your password) you will be able to access all the RSN functionalities.

Home page

(you can't always access it by clicking the "Home" button)

Here you have a few general information about general and your activity in the platform. Also there is a news section, last projects added and a members information area.

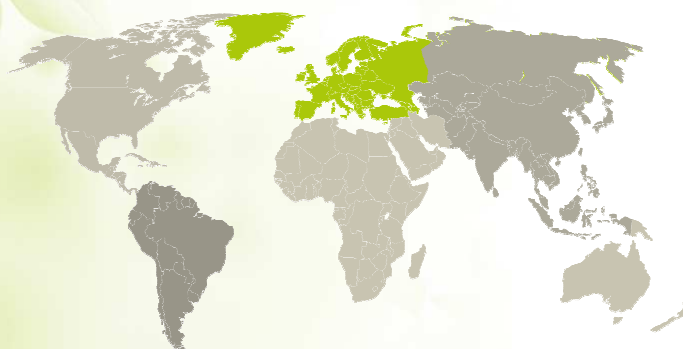

Možnosti in prednosti za podjetja z okoljskimi rešitvami – Več držav

Enterprise Europe Network

pa omogoča
